## **About CCB Summer Intensive**

Today's dance world demands a versatile dancer. The Advanced Intensives offers today's aspiring dancers the tools they need for their training. Our internationally renowned guest instructors/choreographers and CCB faculty will inspire growth and renewal for all participants and prepare those students training for the demands of a professional career in an intimate, safe and nurturing environment. Focus is placed on developing the whole dancer by offering classes according to 3 levels determined by an initial placement class. Each week is designed to give students an immersive experience and will allow students the opportunity to get to know the teachers and explore each genre more thoroughly.

In addition to daily Ballet Technique classes, students will enjoy classes in:

Pointe, Modern/Contemporary, Jazz, Character, Repertoire, Variations, Strength/Stretch and Progressive Ballet Technique, as well as lectures on injury prevention, nutrition, music theory and ballet history.

This is a unique and exciting opportunity you will not want to miss! We educate not just the dancer, but the whole person!

## **Summer Intensive Levels**

Placement will be determined by the instructor the first day of class. Please note, CCB students will be evaluated according to individual student level and not necessarily along CCB levels. This will ensure the most fruitful experience for each dancer.

Level 1: (typically ages 10-14) 3+ years training (no pointe required)

Level 2: 4+ years training (1-2 years of pointe required)

Level 3: 5+ years training (2-3 years of pointe required)
