## ***A Letter from Miss Melissa:***

Dear students and families,

CCB's journey to attain excellence in dance education is again on the upswing. Our response to our added programs, such as Ensemble, has been overwhelmingly wonderful. Bravo to our students who want to dance ...dance.... dance....!

CCB is excited to announce our new Conservatory Program beginning this fall semester 2009, which will provide opportunities for students who seek more commitment and challenge in their dance. This unique program will be offered to Levels 5, 6 & 7. Dancers will take their regular level classes during the week, but will also have the opportunity to take 2 -3 Conservatory Program classes each week. These classes will be geared to the serious at heart student that yearns for more intensity and a continuance of our fine training system. The classes will be 2 hours each and will include pointe. This program will allow students to excel at a faster pace, from increased training hours per week. As I mentioned in my last article, increased hours per week of training, consistency in attendance and a tenacious work ethic, makes for a superb dancer and an enormously rewarding experience.

I hope you join in our excitement as we move forward in maintaining Northern Colorado's Premier Dance Program , where integrity of mind, body and spirit meets the art of dance.

Melissa Corr  
Ballet Mistress
